Dear Doctor Murdock:

In accordance with the request contained in your letter of June 23, 1948, to Doctor Van Slyke, I am pleased to report that he has given administrative approval for the extension of the expiration date of research grant RG 65(C) from June 30 to December 31, 1948.

This extension is granted with the agreement, as expressed in your letter, that no additional funds will be required over and above the balance as reflected on your books remaining from funds already vouchered.

Doctor Van Slyke asked me to tell you that no apology was needed for the timing of your request since actually any time prior to July 1 would have sufficed.

Sincerely,

Ernest M. Allen, Assistant Chief
